NEWS AT THE CAPITOL!

The President and Mrs. Harrison Will Spend a Portion of the Summer in the Mountains.

WASHINGTON, May 6.—President and Mrs. Harrison may possibly spend a portion of the summer in the mountains of West Virginia, on the new West Virginia Central railroad, in which Secretary Blaine and other prominent men are interested, at a place called Davis, fifty miles south of Piedmont, in the mountains.

The altitude is said to be higher than that of Deer Park, Md., where arrangements to pass the early portion of the summer have been completed by the president, who wished to have his family near enough to Washington to spend each Sunday in their midst, returning to his official duties the following Monday. Mr. S. B. Elkins, of New York, who is interested in the new road to Davis, proposes building himself a summer cottage at that point, and has invited Harrison's family to be his guests for a while.

Chief Justice Fuller has purchased the residence of Judge Wylee, which is one of the finest residences in the city. He will move into it early in the fall. Soon after the adjournment next Monday of the supreme court for the summer vacation, the chief justice will go to Charleston for a while and then to Chicago, and it is probable that he will remain in that city the greater portion of the summer.

Gen. Adam E. King, of Baltimore, formerly naval officer at that port, has, it is said, been decided on at the state department for consul-general at Paris. The appointment is attributed to the close personal and political friendship existing between General King and Secretary Blaine.

THE FIRE FIEND.

Sixteen Ice Houses and Contents and Twenty Freight Cars Destroyed.

LAPORTE, Ind., May 6.—A terrific explosion, early yesterday morning, aroused citizens from their beds, and led them to the immense house of the Washington ice company, on Stone lake, near the city limits. In some mysterious way the tool house had caught fire, causing a quantity of explosives stored therein to explode, and setting fire to and destroying sixteen ice houses and their contents of 26,000 tons of ice, together with twenty Lake Shore freight cars. Charles Ohlis, son of the superintendent, was, it is feared, fatally burned. The loss is estimated at $33,000, with only $8,500 insurance.

A LAFAYETTE MAN

Held Up and Relieved of all His Valuables by Two Daring Street Robbers.

LAFAYETTE, Ind., May 6.—A very bold piece of foot-pad work was done Saturday evening, on a main street of this city. Mort Dicks, a railroad man, was held up and robbed by two men, one of whom held a knife to his throat, and the other a revolver to his head. They took eleven silver dollars from him. Later Isaac Fredericks and Frank Riddal were arrested for the crime and placed in jail.

Two Suicides.

SCRANTON, Pa., May 6.—Melchoir Huber, a prominent state contractor, while suffering from temporary insanity caused by excessive drink, last night, cut his throat from ear to ear.

ROCHESTER, N. Y., May 6.—George T. Stillson, superintendent of Mt. Hope cemetery for the last eight years, hung himself in his barn this morning.

Terrible Explosion.

MANCHESTER, N. H., May 6.—A boiler explosion occurred at Lowell's iron foundry and machine shop yesterday which totally destroyed the building. The engineer was knocked insensible, but recovered afterwards.

New Jersey Riot.

NEW BRUNSWICK, N. J., May 6.—A riot took plack yesterday at the Layerville brick yards on account of the laying of the main track of a railroad and one man was killed. The rioters were arrested to-day.

An Embezzler's Flight.

JOHNSTOWN, N. J., May 6.—Lorenzo Gray, collector of Epharath, who embezzeled $800 of the town's money, was arrested Saturday night in company with a Gloverville woman of bad repute.

Found Guilty.

BENSON, Ill., May 6.—The Williams murder trial ended here yesterday, the jury finding the defendant guilty of murder in the second degree, and sentencing him to fifteen years.

THE DEMOCRATIC PRIMARY.

Muhler, Reinewald, Sesenheimer, Franke, Reese and Boseker are the Nominees.

The democratic primary nominating election occurred Saturday evening, and was not as largely attended as was generally supposed it would be. In many wards, however, great interest was manifested, but the total vote, 3,742, does not approach close enough to the democratic vote, 6,000, at general elections, and to this point the people must be urged.

Another point the city central committee must hereafter look to is the construction of proper ward boards to count and canvass the vote. The men should not only guarantee honesty but they should be apt.

In the Seventh ward a vote of 720 was polled, and it was exactly 5 o'clock Sunday morning when the board finished its task of counting, although the nomination of clerk and treasurer hinged on its result.

The tardy work gave rise to grave suspicion, but the inaccuracies could scarcely effect the general result.

The vote by wards is given in the table below, with the total vote for each candidate, and the vote for councilman following:

WARD.	First.	Second.	Third.	Fourth.	Fifth.	Sixth.	Seventh.	Eighth.	Ninth.	Total.

Jesse Heaton, jr., one of the best known farmers of this county died at his home in Marion township last night at midnight. He was fifty-nine years of age, and leaves a widow and eight children. Dr. Heaton and Owen N. Heaton, the well known attorney, are among the latter. He has resided in Allen county since he was four years of age and was universally esteemed as a man of probity and high character. The funeral takes place from his residence in Marion township, on Wednesday morning at 10 o'clock. Many friends from this city will attend the funeral.

WAS IT MURDER?

A Well Known Irish Agitator of Chicago Mysteriously Disappears.

CHICAGO, May 6.—Dr. P. H. Cronin, a well known Irish-American, who has been prominent for years in land league affairs, mysteriously disappeared Saturday night.

When he left home he took with him a quantity of cotton batting. This same stuff was found covered with blood, in a trunk, in Lake View, yesterday morning. Dr. Cronin's friends connect the two mysteries and darkly hint at a cruel assassination.

Nearly 100 detectives and officers belonging to the city force, the Lake View force and the Pinkerton agency were scouring Lake View, this morning, in the hope of finding some clew to his disappearance. So far no success has attended their efforts. It is thought he was murdered and his body taken away in a trunk.

THE FRENCH EXPOSITION.

Opens at Paris To-day With a Blaze of Brilliancy.

PARIS, May 6.—The French exposition was opened this afternoon by President Carnot. Large crowds were present and the scene was a very brilliant one. President Carnot was accompanied by the presidents of the senate and chamber of deputies and by his cabinet.

Premier Terard delivered an address of welcome to all present, and in concluding the premier extended a greeting to all strangers and said republican France would show herself hospitable and generous.

President Carnot then followed Minister Terard in his remarks. After the exhibition was opened the president and his party inspected the various departments.

IN FLAMES.

The Boys Catholic Asylum at Vincennes on Fire.

VINCENNES, Ind., May 6.—The Boys Catholic asylum at this place took fire this afternoon and is now burning. The chances are that it will be totally destroyed.

A DEPOT IN FLAMES.

CANTON, Ill., May 6.—At 1:15 p. m. to-day the Chicago, Burlington and Quincy depot was discovered to be on fire. There is danger of the Toledo, Peoria and Wabash railroad depot catching. The hotel is entirely destroyed. Several buildings to the north of the hotel are also on fire and cannot be saved. There are hopes that the fire may be concentrated within the buildings that are now burning.

The Weather.

WASHINGTON, May 6.—Indiana—Warmer; fair; southerly winds, followed on Tuesday by threatening weather and light rains.

WHEW!

The Columbia and Clay Street Opening Will Cost $20,000.

Marshal Mayer is to-day notifying real estate owners interested in the proposed opening of Columbia and Clay streets, in accordance with the legal requirements.

City Civil Engineer Goshorn, whose duty it is to report to council the probable cost of the improvement, tells THE SENTINEL that it will necessitate an expenditure of $20,000. This will strike dismay into the hearts of the people who will have to pay the bill, for it falls on very few people.

A Recount Stopped.

The suspicion that the Seventh ward count was not correct, led to a recount this afternoon, and it resulted in Mr. Houlihan's favors as far as it proceeded.

Mr. Houlihan appeared on the scene and stopped the count. Said he: "Mr. Reinewald, you were declared nominated yesterday afternoon and I will not make any trouble now."

One of the questions to come before the voters of the city to-morrow is the proposed division of the Seventh ward into two wards. If it meets with favor, then two additional councilmen will have to be elected and if the division is not carried, two additional precincts will be ordered. The people of the whole city have a voice in the matter and vote "Yes" or "No," as the question is placed on all ballots. The ward polls a vote of 1,400 at present.

The services of the Second Presbyterian church yesterday, at the City Y. M. C. A. rooms, were of a very interesting character. Rev. Leeper, the pastor, conducted communion services and received thirteen persons into membership in the morning.

A FAMILY DROWNED!

While Attempting to Cross a Swollen River in West Virginia—Four Persons Go to a Watery Grave.

WHEELING, W. Va., May 6.—The family of P. B. Harr, living in a thinly settled district near Braxton, this state, was totally exterminated yesterday by drowning. Harr, his wife and two children, started out to visit a neighbor. They had to cross a mountain stream, which was swollen out of its banks. Harr foolishly attempted to cross in a canoe. The boat capsized and all hands were thrown in the stream.

Mrs. Harr and one of the children sank immediately and Mr. Harr, who seized the other child, after struggling in the water for a time was swept away before help could reach him. The bodies have not been recovered.

WATER POWER.

The New Company Bond Their Property for $100,000.

The Fort Wayne Water Power company is now a permanent fixture. They own the feeder canal, the paper mill dam, the feeder dam and the right to the water flow in the St. Joe river. To secure these rights they have acquired Fish Lake, in Steuben county, and are negotiating for Balls Lake. These bodies they propose to connect and turn into the St. Joe, swelling its volume materially.

From the canal below Centlivre's brewery the company will run a branch over to the St. Joe, near at Rudisill's mill. This canal will have a waste-way under the road, and the power station is to be located on the roadside, near the new electric light works.

This property and its rights have been bonded to the Holland Trust company of New York for $100,000, and the mortgage is just filed with County Recorder Thompson.

Mr. Larry Dignan says he will begin work on the proposed new water-way next week.

The affair is one of great magnitude.

A BAD JAIL.

A Lot of Prisoners Escape From the Expensive Warsaw Trap.

Sheriff Viberg has a card from Warsaw asking him to look out for a party of fugitive criminals who escaped from jail there Saturday night.

Kosciusko county has a $700,000 jail, but the prisoners have been falling out of it for years. Saturday night beat the record. A. B. Collar, of Syracuse, that county, a physician, confined on a charge of abortion, he had just been sentenced to six years imprisonment; Otto Riley, a colored youth, who, in a playful mood, attempted to cut the throat of a comrade in the midst of a crowded throng at a festival of a colored church; William Kibler, a thief, who was awaiting his trial for stealing a boat and tent, and Webb Brat, a tough, who has served two terms in the penitentiary and was serving a term in jail for a murderous assault, made their escape through a hole in the floor of a corrider by building a fire and heating the stone and then throwing water on it, thus breaking the stone and enabling them to get under the floor; from there they made their may to a hole through the foundation known to Bratt from a previous experience and thus made their way to freedom. No trace of them have been discovered. Riley is the fellow recently arrested here by Marshal Meyer for breaking out of the same jail.

Kekionga council of the National union will meet in their new hall next Thursday evening.

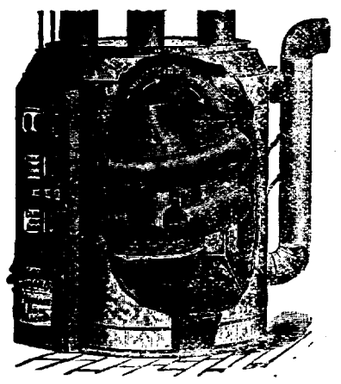
SHE'S A HUMMER!



The above cut represents the HOWARD FURNACE, which obtains by its construction, advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water, thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to be taken from the top instead of the side of the casting as in all other furnaces. JOHN PRESSLER,

MONDAY, MAY 6, 1889.

THE town elections are in progress all over Indiana to-day.

GOVERNOR HOVEY will return to the capital from his eastern trip to-morrow.

THE New York city authorities now propose to cut the electric light poles from the streets.

A THIRTY days' residence in the ward is one of the necessary qualifications for voters to-morrow.

GREAT reforms move slowly, but they move in the path of righteousness and will ultimately triumph.

THE result of the democratic primary election is given in the local columns and the ticket nominated is submitted for popular suffrage.

GENERALS ROSECRANS and Longstreet were given a dinner in Cincinnati, Ohio, the other night. The blue and the gray continues to blend.

IT is stated positively that President Harrison will appoint Col. R. S. Robertson a commissioner to Utah. The position is responsible and lucrative.

THE regular municipal election occurs to-morrow and every citizen should exercise his right of suffrage. It is one of the great American prerogatives.

THE polls open at 7 o'clock to-morrow morning and close at 6 o'clock in the evening. It is in the power of election officers to open the polls as late as 8 o'clock, but no such change is announced.

THREE young Napoleons in Findlay, Ohio, made a combine by which they secured a corner on about all of the dwelling house property in the place and propose to raise the rents to profitable figures.

IT will interest the Cerneau Masons to know that word comes from Kentucky that Dr. Charles W. Taylor, who was the the head and front of the Cerneau Masons in Louisville, has resigned from the consistory to which he belonged. Becoming dissatisfied with Cerneauism he applied for a dimit from his consistory. This was refused. He then publicly renounced Cerneauism by signing a document in the presence of two well known Masons, in which he bowed to the ruling of the grand lodge of Kentucky, which held that the Cerneau bodies were illegal, un-Masonic and clandestine.

THE first execution under the new secret death penalty act will occur at the Jeffersonville prison August 16. The victim is to be Wm. Benson, the young man who committed a murder in Clark county with the idea of removing the chief obstacle to his marriage to his sweet-heart, a girl named Sallie Snider. In accordance with the requirements of the law, Benson has been placed in solitary confinement in prison, and will not be permitted to have any communication with other prisoners or with visitors during the 100 days of life left to him. It is the purpose of the law to remove the condemned man as far from public notice as possible, to shut out the morbid curiosity of which such criminals usually become the object, and to prevent the public from seeing or learning anything of the details of the execution.

THERE will be no southern candidate for the presidency, says the Brooklyn *Eagle*. No party, four years from now, will choose a nominee from any state that went with the confederacy. It is next to certain that there will be no democratic candidate for president from the west. There are few, if any, democratic governors out there. There are only two or three democratic United States senators from the Ohio to the Pacific ocean. It is unlikely that any of the democratic mayors of western cities will achieve greatness, or have greatness thrust upon them, between now and 1892. The west is full of republican presidential timber. With the west and south thus excluded from the democratic selection the next presidency apparently resolves itself to the choice of some candidate from the New England or the Middle states. There is no democrat in public life who measures up to the nomination now in New England. In New York are two men capable of consideration as democratic candidates, Grover Cleveland and David Hill. The nominee is likely to be one or the other of them, and he would be a rash man who said now which one of them it would probably be.

Rev. J. R. Skinner, of Becksburg, Mich., occupied the pulpit of the Grace church last evening, and preached an excellent sermon from the text, "Behold the man." They were the words used by Pilate in speaking of Christ when the Savior was brought before him and scourged previous to His crucifixion. The talented young minister used them to set before the audience the matchless life and character of Jesus, which he did in an eloquent manner, urging his hearers to pattern after it and make their lives full of christian virtues.

A Few Words About Their Work in This City—The Officers Elected Yesterday.

Every Sunday afternoon at 3 o'clock there gathers in the little Hebrew temple on Harrison street a band of young people known as the Loyal Temperance Legion. The society was organized some two years ago as an off-shoot, or a protege rather, of the Woman's Christian Temperance Union, and has grown in numbers each week until there now meets for Sunday exercises a half hundred or more of active members.

Its object is to gather the young people into the temperance fold and throw around them a barrier that will shield them from the demon rum, as they grow up into young manhood and womanhood. No object could be nobler, no work grander in its character, for in this city of 35,000 inhabitants and 400 saloons temptations beset the young on every hand. Every day influences are brought to bear on them, which if not counteracted by home example and teachings, or societies of this character, will lead them into intemperate habits and add, as it does every year, to the drunkards of our city.

This organization takes the youth, ere the greatest enemy of mankind—intoxicating liquors—has tempted him, with its alluring charms, to become a devotee of the wine cup, and teaches him by practical lessons its ruinous effects. Interesting talkers and the distribution of temperance literature impress these lessons on the minds of the young every Sunday in a practical and forcible manner, and it is safe to say that their influence will be felt, with grand results, upon the lives of the boys who attend these meetings, and if they do not grow up into sober, upright men, it will not be from the lack of proper early training.

The meetings of this society are always interesting and every Sunday afnoon practical lessons, bearing on temperance, are taught, and speeches are delivered by some of the workers in this and other cities. Yesterday occurred the quarterly election of officers, and to our reporter, who was present, it was an interesting scene. The boys threw into the affair about as much vim as will be done to-morrow when the voters of the city gather at the polls and elect municipal officers for the next two years, and when they had finished the task the following was the result:

Adult officers—Leader, Miss E. M. Philley; assistant leader, Mrs. Hiler; treasurer, Mrs. H. C. Schrader; organist, Miss Fannie Hulburt; chorister, Miss Carrie Schrader.

Juvenile officers—President, Bret Hopkins; secretary; Miss Lulu Heller; treasurer, Noble Graham; librarians, Frank Brooks and John Thompson.

The society is in a healthy condition, but they want more members. Every boy and girl in the city should join it and swell their numbers so that a removal to larger quarters will be necessary. The meetings are for young people especialy, but grown people will always find a cordial welcome.

Next Sabbath afternoon, Rev Van Slyke, the pastor of the Berry Street M. E. church, will address the meeting. He is an interesting and eloquent speaker and the little Jewish temple should be packed to the doors to hear him.

It is a Curious Fact

That the body is now more susceptible to benefit from medicine than at any other season. Hence the importance of taking Hood's Sarsaparilla now, when it will do you the most good. It is really wonderful for purifying and enriching the blood, creating an appetite, and giving a healthy tone to the whole system. Be sure to get Hood's Sarsaparilla, which is peculiar to itself.

How Intelligent Women Decide.

When the question has to be met as to what is the best course to adopt to secure a sure, safe and agreeable remedy for those cronic diseases and weaknesses which afflict the female sex, there is but one wise decision, viz., a course of self-treatment with Dr. Pierce's Favorite Prescription. It is an unfailing specific for periodical pains, misplacement, internal inflammation, and all functional disorders that render the lives of so many women miserable and joyless. They who try it, praise it. Of druggists.

That Tired Feeling

That extreme tired feeling which is so distressing and often so unaccountable in the spring months, is entirely overcome by Hood's Sarsaparilla, which tones the whole body, purifies the blood, cures scrofula and all humors, cures dyspepsia, creates an appetite, rouses the torpid liver, braces up the nerves, and clears the mind. We solicit a comparison of Hood's Sarsaparilla with any other blood purifier in the market for purity, economy, strength, and medicinal merit.

Tired all the Time

"I had no appetite or strength, and felt tired all the time. I attributed my condition to scrofulous humor. I had tried several kinds of medicine without benefit. But as soon as I had taken half a bottle of Hood's Sarsaparilla, my appetite was restored, and my stomach felt better. I have now taken nearly three bottles, and I never was so well." MRS. JESSIE F. DOLBEARE, Pascoag, R. I.

Mrs. C. W. Marriott, Lowell, Mass., was completely cured of sick headache, which she had 16 years, by Hood's Sarsaparilla.

Everybody needs and should take a good spring medicine, for two reasons:

1st, The body is now more susceptible to benefit from medicine than at any other season.

2d, The impurities which have accumulated in the blood should be expelled, and the system given tone and strength, before the prostrating effects of warm weather are felt.

Hood's Sarsaparilla is the best spring medicine. A single trial will convince you of its superiority. Take it before it is too late.

The Best Spring Medicine

"I take Hood's Sarsaparilla for a spring medicine, and I find it just the thing. It tones up my system and makes me feel like a different man. My wife takes it for dyspepsia, and she derives great benefit from it. She says it is the best medicine she ever took." F. C. TURNER, Hook & Ladder No. 1, Boston, Mass.

"Last spring I was troubled with boils, caused by my blood being out of order. Two bottles of Hood's Sarsaparilla cured me. I can recommend it to all troubled with affections of the blood." J. SCHOCH, Peoria, Ill.

Dyspepsia, Indigestion, Nursing Mothers, the Weak and Debilitated.

Put up in this style of Bottles only

I have used Johann Hoff's Malt Extract for the past five years in my private practice and have found it to be the best health restoring beverage and tonic nutritive known. I have found it especially good for persons convalescing from fever, in cases of dyspepsia, for mothers nursing, and in cases of weakly children, and also in lung troubles. My attention was drawn by the immense importation semi-monthly, and about a million of bottles imported by you have passed my inspection in the Custom House satisfactorily for the past five years.

Yours respectfully,

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right to-day; and would insist on every one who is afflicted with that terrible disease, to use Chamberlain's Pain Balm and get well at once. For sale by George H. Miss Davenport and Melbourne MacDowell, her leading man, are to be married in a fortnight at the Little Church Around the Corner, in New York. He has officiated willingly in the burial of actors and actresses, because the duty has accidentally been put upon him. He has amiably permitted himself to be elected an honorary member of the Actors' Fund association, but he never goes to the theater and is, on the whole, opposed to the theater, and he is decidedly opposed to marrying a divorced person, and if Miss Davenport, about to be the third for Mrs. Davenport, and if she and her second husband are married at Houghton's church, they will have to get some other rector to perform the ceremony.

Which has the tears of countless millions dried.

J. M. LOOSE RED CLOVER CO.—I purchased a box of your Red Clover Pile Ointment of F. P. Goliday, at this place, after using various other ointments without effect. I used several applications of the Red Clover Ointment and have not had any trouble since. I now believe I am permanently cured. My case was not one of the worst, but I have suffered with them over a year, and bled so much I became greatly reduced in flesh. Your ointment acted miraculously, and I am only too glad to speak to the many sufferers of this painful disease. If it cures all who use it as quickly as it did me, you will sell a great deal of it. But I am convinced your Pile Ointment was made to cure, and not like the many others I have tested, to defraud. It is a pleasure to me to say, the Red Clover Pile Ointment has been a priceless blessing to me, and I know it will prove such to others who will try it.

Respectfully, I. V. PARK.

The World Ought to Know It.

The world ought to know what S. S. S. has done for me in the cure of a malignant cancer, which was so bad as to be considered incurable by the physicians in Chicago, where I went to be treated. The hospital surgeons gave me up, saying they could do nothing for me. One of my neighbors sent me a copy of an advertisement cut from a paper in regard to Swift's Specific, and I began taking it. I got relief from the first few doses; the poison was gradually forced out of my system, and I was soon cured sound and well. It is now ten months since I quit taking S. S. S. and I have had no sign of return of the dreadful disease.

I am satisfied that Cancer is hereditary in my family. My father died of it, a sister of my mother died of it, and my own sister died of it. My feelings may be imagined, then, when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way that it could not be cut out. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family. I took Swift's Specific, which, from the first day, forced out the poison, and continued its use until I had taken several bottles, when I found myself well. I know that S. S. S. cured me.

NEWS AT THE CAPITOL!

The President and Mrs. Harrison Will Spend a Portion of the Summer in the Mountains.

WASHINGTON, May 6.—President and Mrs. Harrison may possibly spend a portion of the summer in the mountains of West Virginia, on the new West Virginia Central railroad, in which Secretary Blaine and other prominent men are interested, at a place called Davis, fifty miles south of Piedmont, in the mountains.

The altitude is said to be higher than that of Deer Park, Md., where arrangements to pass the early portion of the summer have been completed by the president, who wished to have his family near enough to Washington to spend each Sunday in their midst, returning to his official duties the following Monday. Mr. S. B. Elkins, of New York, who is interested in the new road to Davis, proposes building himself a summer cottage at that point, and has invited Harrison's family to be his guests for a while.

Chief Justice Fuller has purchased the residence of Judge Wylee, which is one of the finest residences in the city. He will move into it early in the fall. Soon after the adjournment next Monday of the supreme court for the summer vacation, the chief justice will go to Charleston for a while and then to Chicago, and it is probable that he will remain in that city the greater portion of the summer.

Gen. Adam E. King, of Baltimore, formerly naval officer at that port, has, it is said, been decided on at the state department for consul-general at Paris. The appointment is attributed to the close personal and political friendship existing between General King and Secretary Blaine.

THE FIRE FIEND.

Sixteen Ice Houses and Contents and Twenty Freight Cars Destroyed.

LAFORTE, Ind., May 6.—A terrific explosion, early yesterday morning, aroused citizens from their beds, and led them to the immense house of the Washington ice company, on Stone lake, near the city limits. In some mysterious way the tool house had caught fire, causing a quantity of explosives stored therein to explode, and setting fire to and destroying sixteen ice houses and their contents of 20,000 tons of ice, together with twenty Lake Shore freight cars. Charles Ohlis, son of the superintendent, was, it is feared, fatally burned. The loss is estimated at $33,000, with only $6,500 insurance.

A LAFAYETTE MAN

Held Up and Relieved of all His Valuables by Two Daring Street Robbers.

LAFAYETTE, Ind., May 6.—A very bold piece of foot-pad work was done Saturday evening, on a main street of this city. Mort Dicks, a railroad man, was held up and robbed by two men, one of whom held a knife to his throat, and the other a revolver to his head. They took eleven silver dollars from him. Later Isaac Fredericks and Frank Riddal were arrested for the crime and placed in jail.

Two Suicides.

SCRANTON, Pa., May 6.—Melchoir Huber, a prominent state contractor, while suffering from temporary insanity caused by excessive drink, last night, cut his throat from ear to ear.

ROCHESTER, N. Y., May 6.—George T. Stillson, superintendent of Mt. Hope cemetery for the last eight years, hung himself in his barn this morning.

Terrible Explosion.

MANCHESTER, N. H., May 6.—A boiler explosion occurred at Lowell's iron foundry and machine shop yesterday which totally destroyed the building. The engineer was knocked insensible, but recovered afterwards.

New Jersey Riot.

NEW BRUNSWICK, N. J., May 6.—A riot took place yesterday at the Layerville brick yards on account of the laying of the main track of a railroad and one man was killed. The rioters were arrested to-day.

An Embezzler's Flight.

JOHNSTOWN, N. J., May 6.—Lorenzo Gray, collector of Epharath, who embezzled $800 of the town's money, was arrested Saturday night in company with a Gloverville woman of bad repute.

Found Guilty.

BENSON, Ill., May 6.—The Williams murder trial ended here yesterday, the jury finding the defendant guilty of murder in the second degree, and sentencing him to fifteen years.

THE DEMOCRATIC PRIMARY.

Muhler, Reinewald, Sonnheimer, Franke, Reese and Boecker are the Nominees.

The democratic primary nominating election occurred Saturday evening, and was not as largely attended as was generally supposed it would be. In many wards, however, great interest was manifested, but the total vote, 3,732, does not approach close enough to the democratic vote, 6,000, at general elections, and to this point the people must be urged.

Another point the city central committee must hereafter look to is the construction of proper ward boards to count and canvass the vote. The men should not only guarantee honesty but they should be apt.

In the Seventh ward a vote of 720 was polled, and it was exactly 5 o'clock Sunday morning when the board finished its task of counting, although the nomination of clerk and treasurer hinged on its result.

The tardy work gave rise to grave suspicion, but the inaccuracies could scarcely effect the general result.

The vote by wards is given in the table below, with the total vote for each candidate, and the vote for councilman following:

WARD	First	Second	Third	Fourth	Fifth	Sixth	Seventh	Eighth	Ninth	TOTAL

Jesse Heaton, jr., one of the best known farmers of this county died at his home in Marion township last night at midnight. He was fifty-nine years of age, and leaves a widow and eight children. Dr. Heaton and Owen N. Heaton, the well known attorney, are among the latter. He has resided in Allen county since he was four years of age and was universally esteemed as a man of probity and high character. The funeral takes place from his residence in Marion township, on Wednesday morning at 10 o'clock. Many friends from this city will attend the funeral.

WAS IT MURDER?

A Well Known Irish Agitator of Chicago Mysteriously Disappears.

CHICAGO, May 6.—Dr. P. H. Cronin, a well known Irish-American, who has been prominent for years in land league affairs, mysteriously disappeared Saturday night.

When he left home he took with him a quantity of cotton batting. This same stuff was found covered with blood, in a trunk, in Lake View, yesterday morning. Dr. Cronin's friends connect the two mysteries and darkly hint at a cruel assassination.

Nearly 100 detectives and officers belonging to the city force, the Lake View force and the Pinkerton agency were scouring Lake View, this morning, in the hope of finding some clew to his disappearance. So far no success has attended their efforts. It is thought he was murdered and his body taken away in a trunk.

THE FRENCH EXPOSITION.

Opens at Paris To-day With a Blaze of Brilliancy.

PARIS, May 6.—The French exposition was opened this afternoon by President Carnot. Large crowds were present and the scene was a very brilliant one. President Carnot was accompanied by the presidents of the senate and chamber of deputies and by his cabinet.

Premier Tcvard delivered an address of welcome to all present, and in concluding the premier extended a greeting to all strangers and said republican France would show herself hospitable and generous.

President Carnot then followed Minister Tcvard in his remarks. After the exhibition was opened the president and his party inspected the various departments.

IN FLAMES.

A DEPOT IN FLAMES.

CANTON, Ill., May 6.—At 1:15 p. m. to-day the Chicago, Burlington and Quincy depot was discovered to be on fire. There is danger of the Toledo, Peoria and Wabash railroad depot catching. The hotel is entirely destroyed. Several buildings to the north of the hotel are also on fire and cannot be saved. There are hopes that the fire may be concentrated within the buildings that are now burning.

The Weather.

WASHINGTON, May 6.—Indiana—Warmer; fair; southerly winds, followed on Tuesday by threatening weather and light rains.

WHEW!

The Columbia and Clay Street Opening Will Cost $20,000.

Marshal Mayer is to-day notifying real estate owners interested in the proposed opening of Columbia and Clay streets, in accordance with the legal requirements.

City Civil Engineer Goshorn, whose duty it is to report to council the probable cost of the improvement, tells THE SENTINEL that it will necessitate an expenditure of $20,000. This will strike dismay into the hearts of the people who will have to pay the bill, for it falls on very few people.

A Recount Stopped.

The suspicion that the Seventh ward count was not correct, led to a recount this afternoon, and it resulted in Mr. Houlihan's favors as far as it proceeded.

Mr. Houlihan appeared on the scene and stopped the count. Said he: "Mr. Reinewald, you were declared nominated yesterday afternoon and I will not make any trouble now."

One of the questions to come before the voters of the city to-morrow is the proposed division of the Seventh ward into two wards. If it meets with favor, then two additional councilmen will have to be elected and if the division is not carried, two additional precincts will be ordered. The people of the whole city have a voice in the matter and vote "Yes" or "No," as the question is placed on all ballots. The ward polls a vote of 1,400 at present.

The services of the Second Presbyterian church yesterday, at the City Y. M. C. A. rooms, were of a very interesting character. Rev. Looper, the pastor, conducted communion services and received thirteen persons into membership in the morning.

A FAMILY DROWNED!

While Attempting to Cross a Swollen River in West Virginia—Four Persons Go to a Watery Grave.

WHEELING, W. Va., May 6.—The family of P. B. Harr, living in a thinly settled district near Braxton, this state, was totally exterminated yesterday by drowning. Harr, his wife and two children, started out to visit a neighbor. They had to cross a mountain stream, which was swollen out of its banks. Harr foolishly attempted to cross in a canoe. The boat capsized and all hands were thrown in the stream.

Mrs. Harr and one of the children sank immediately and Mr. Harr, who seized the other child, after struggling in the water for a time was swept away before help could reach him. The bodies have not been recovered.

WATER POWER.

The New Company Sond Their Property for $100,000.

The Fort Wayne Water Power company is now a permanent fixture. They own the feeder canal, the paper mill dam, the feeder dam and the right to the water flow in the St. Joe river. To secure these rights they have acquired Fish Lake, in Steuben county, and are negotiating for Bells Lake. These bodies they propose to connect and turn into the St. Joe, swelling its volume materially.

From the canal below Centlivre's brewery the company will run a branch over to the St. Joe, near at Rudisill's mill. This canal will have a waste-way under the road, and the power station is to be located on the roadside, near the new electric light works.

This property and its rights have been bonded to the Holland Trust company of New York for $100,000, and the mortgage is just filed with County Recorder Thompson.

Mr. Larry Diguan says he will begin work on the proposed new water-way next week.

The affair is one of great magnitude.

A BAD JAIL.

A Lot of Prisoners Escape From the Expensive Warsaw Trap.

Sheriff Viberg has a card from Warsaw asking him to look out for a party of fugitive criminals who escaped from jail there Saturday night.

Kosciusko county has a $700,000 jail, but the prisoners have been falling out of it for years. Saturday night beat the record. A. B. Collar, of Syracuse, that county, a physician, confined on a charge of abortion, he had just been sentenced to six years imprisonment; Otto Riley, a colored youth, who, in a playful mood, attempted to cut the throat of a comrade in the midst of a crowded throng at a festival of a colored church; William Kibler, a thief, who was awaiting his trial for stealing a boat and tent, and Webb Brat, a tough, who has served two terms in the penitentiary and was serving a term in jail for a murderous assault, made their escape through a hole in the floor of a corridor by building a fire and heating the stone and then throwing water on it, thus breaking the stone and enabling them to get under the floor; from there they made their way to a hole through the foundation known to Bratt from a previous experience and thus made their way to freedom. No trace of them have been discovered. Riley is the fellow recently arrested here by Marshal Meyer for breaking out of the same jail.

Kokiongo council of the National union will meet in their new hall next Thursday evening.

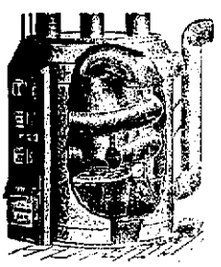
SHE'S A HUMMER!



The above cut represents the HOWARD FURNACE, which obtains by its combustion advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface. Therein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This primary does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water. Correspondence from distant rooms where not air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to the first floor, instead of on the side of the casting as in all other furnaces. JOHN HOWARD.

MONDAY, MAY 6, 1889.

THE town elections are in progress all over Indiana to-day.

GOVERNOR HOVEY will return to the capital from his eastern trip to-morrow.

THE New York city authorities now propose to cut the electric light poles from the streets.

A THIRTY days' residence in the ward is one of the necessary qualifications for voters to-morrow.

GREAT reforms move slowly, but they move in the path of righteousness and will ultimately triumph.

THE result of the democratic primary election is given in the local columns and the ticket nominated is submitted for popular suffrage.

GENERALS ROSECRANS and Longstreet were given a dinner in Cincinnati, Ohio, the other night. The blue and the gray continues to blend.

IT is stated positively that President Harrison will appoint Col. R. S. Robertson a commissioner to Utah. The position is responsible and lucrative.

THE regular municipal election occurs to-morrow and every citizen should exercise his right of suffrage. It is one of the great American prerogatives.

THE polls open at 7 o'clock to-morrow morning and close at 6 o'clock in the evening. It is in the power of election officers to open the polls as late as 8 o'clock, but no such change is announced.

THREE young Napoleons in Findlay, Ohio, made a combine by which they secured a corner on about all of the dwelling house property in the place and propose to raise the rents to profitable figures.

IT will interest the German Masons to know that word comes from Kentucky that Dr. Charles W. Taylor, who was the the head and front of the German Masons in Louisville, has resigned from the consistory to which he belonged. Becoming dissatisfied with Germanism he applied for a dimit from his consistory. This was refused. He then publicly renounced Germanism by signing a document in the presence of two well known Masons, in which he bowed to the ruling of the grand lodge of Kentucky, which held that the German bodies were illegal, un-Masonic and clandestine.

THE first execution under the new secret death penalty act will occur at the Jeffersonville prison August 16. The victim is to be Wm. Benson, the young man who committed a murder in Clark county with the idea of removing the chief obstacle to his marriage to his sweet-heart, a girl named Sallie Snider. In accordance with the requirements of the law, Benson has been placed in solitary confinement in prison, and will not be permitted to have any communication with other prisoners or with visitors during the 100 days of life left to him. It is the purpose of the law to remove the condemned man as far from public notice as possible, to shut out the morbid curiosity of which such criminals usually become the object, and to prevent the public from seeing or learning anything of the details of the execution.

THERE will be no southern candidate for the presidency, says the Brooklyn *Eagle*. No party, four years from now, will choose a nominee from any state that went with the confederacy. It is next to certain that there will be no democratic candidate for president from the west. There are few, if any, democratic governors out there. There are only two or three democratic United States senators from the Ohio to the Pacific ocean. It is unlikely that any of the democratic mayors of western cities will achieve greatness, or have greatness thrust upon them, between now and 1892. The west is full of republican presidential timber. With the west and south thus excluded from the democratic selection the next presidency apparently resolves itself to the choice of some candidate from the New England or the Middle states. There is no democrat in public life who measures up to the nomination now in New England. In New York are two men capable of consideration as democratic candidates, Grover Cleveland and David Hill. The nominee is likely to be one or the other of them, and he would be a rash man who said now which one of them it would probably be.

REV. J. R. Skinner, of Becksburg, Mich., occupied the pulpit of the Grace church last evening, and preached an excellent sermon from the text, "Behold the man." They were the words used by Pilate in speaking of Christ when the Savior was brought before him and scourged previous to His crucifixion. The talented young minister used them to set before the audience the matchless life and character of Jesus, which he did in an eloquent manner, urging his hearers to pattern after it and make their lives full of christian virtues.

LOYAL TEMPERANCE LEGION.

A Few Words About Their Work in This City—The Officers Elected Yesterday.

Every Sunday afternoon at 3 o'clock there gathers in the little Hebrew temple on Harrison street a band of young people known as the Loyal Temperance Legion. The society was organized some two years ago as an off shoot, or a protege rather, of the Woman's Christian Temperance Union, and has grown in numbers each week until there now meets for Sunday exercises a half hundred or more of active members.

Its object is to gather the young people into the temperance fold and throw around them a barrier that will shield them from the demon rum, as they grow up into young manhood and womanhood. No object could be nobler, no work grander in its character, for in this city of 35,000 inhabitants and 400 saloons temptations beset the young on every hand. Every day influences are brought to bear on them, which if not counteracted by home example and teachings, or societies of this character, will lead them into intemperate habits and add, as it does every year, to the drunkards of our city.

This organization takes the youth, ere the greatest enemy of mankind—intoxicating liquors—has tempted him, with its alluring charms, to become a devotee of the wine cup, and teaches him by practical lessons its ruinous effects. Interesting talkers and the distribution of temperance literature impress these lessons on the minds of the young every Sunday in a practical and forcible manner, and it is safe to say that their influence will be felt, with grand results, upon the lives of the boys who attend these meetings, and if they do not grow up into sober, upright men, it will not be from the lack of proper early training.

The meetings of this society are always interesting and every Sunday afternoon practical lessons, bearing on temperance, are taught, and speeches are delivered by some of the workers in this and other cities. Yesterday occurred the quarterly election of officers, and to our reporter, who was present, it was an interesting scene. The boys threw into the affair about as much vim as will be done to-morrow when the voters of the city gather at the polls and elect municipal officers for the next two years, and when they had finished the task the following was the result:

Adult officers—Leader, Miss E. M. Philley; assistant leader, Mrs. Hilor; treasurer, Mrs. H. C. Schrader; organist, Miss Fannie Hulbart; chorister, Miss Carrie Schrader.

Juvenile officers—President, Bret Hopkins; secretary; Miss Lulu Heller; treasurer, Noble Graham; librarians, Frank Brooks and John Thompson.

The society is in a healthy condition, but they want more members. Every boy and girl in the city should join it and swell their numbers so that a removal to larger quarters will be necessary. The meetings are for young people especially, but grown people will always find a cordial welcome.

Next Sabbath afternoon, Rev Van Slyke, the pastor of the Berry Street M. E. church, will address the meeting. He is an interesting and eloquent speaker and the little Jewish temple should be packed to the doors to hear him.

It Is a Curious Fact

That the body is now more susceptible to benefit from medicine than at any other season. Hence the importance of taking Hood's Sarsaparilla now, when it will do you the most good. It is really wonderful for purifying and enriching the blood, creating an appetite, and giving a healthy tone to the whole system. Be sure to get Hood's Sarsaparilla, which is peculiar to itself.

How Intelligent Women Decide.

When the question has to be met as to what is the best course to adopt to secure a sure, safe and agreeable remedy for those chronic diseases and weaknesses which afflict the female sex, there is but one wise decision, viz., a course of self-treatment with Dr. Pierce's Favorite Prescription. It is an unfailing specific for periodical pains, misplacement, internal inflammation, and all functional disorders that render the lives of so many women miserable and joyless. They who try it, praise it. Of druggists.

Rome City for 1889—Excursion Season.

An elegant new station house, capable of protecting fifteen hundred people from sun or rain. The island has been improved, sleeping rooms overhauled, buildings painted, new restaurant and dance hall erected. All the old buildings have been painted, and with two dance halls, enlarged restaurant, with twenty-five new clinker boats added to the already large fleet there, makes Rome City the most attractive, cleanest and best resort for picnics or excursion parties in Indiana.

The lake is large; nicely wooded banks surround it, clean gravel or sand shores; no black muck or wild grass to prevent the landing of row boats at almost any point desired; while those desiring to view the beautiful waters, without partaking of the pleasure of boat-riding, can do so seated upon the lake's beautiful banks, nicely shaded, thus avoiding the hot rays of the burning sun.

A Perfect Laxative

"As a gentle laxative, Paine's Celery Compound is surely without a peer. I think I ought to know, since I have tried remedy after remedy for about five or six years and have found nothing that equals it in my case.—Lovell's case."—J. H. JENKINS, Teacher, Chapin Creek, Texas.

That Tired Feeling

That extreme tired feeling which is so distressing and often so unaccountable in the spring months, is entirely overcome by Hood's Sarsaparilla, which tones the whole body, purifies the blood, cures scrofula and all humors, cures dyspepsia, creates an appetite, rouses the torpid liver, braces up the nerves, and clears the mind. We solicit a comparison of Hood's Sarsaparilla with any other blood purifier in the market for purity, economy, strength, and medicinal merit.

Tired all the Time

"I had no appetite or strength, and felt tired all the time. I attributed my condition to scrofulous humor. I had tried several kinds of medicine without benefit. But as soon as I had taken half a bottle of Hood's Sarsaparilla, my appetite was restored, and my stomach felt better. I have now taken nearly three bottles, and I never was so well." MRS. JESSIE F. DOLBEARE, Pascoag, R. I.

Mrs. C. W. Marriott, Lowell, Mass., was completely cured of sick headache, which she had 16 years, by Hood's Sarsaparilla.

Everybody needs and should take a good spring medicine, for two reasons:

1st. The body is now more susceptible to benefit from medicine than at any other season.

2d. The impurities which have accumulated in the blood should be expelled, and the system given tone and strength, before the prostrating effects of warm weather are felt.

Hood's Sarsaparilla is the best spring medicine. A single trial will convince you of its superiority. Take it before it is too late.

The Best Spring Medicine

"I take Hood's Sarsaparilla for a spring medicine, and I find it just the thing. It tones up my system and makes me feel like a different man. My wife takes it for dyspepsia, and she derives great benefit from it. She says it is the best medicine she ever took." F. C. TURNER, Hook & Ladder No. 1, Boston, Mass.

"I last spring I was troubled with boils, caused by my blood being out of order. Two bottles of Hood's Sarsaparilla cured me. I can recommend it to all troubled with affections of the blood." J. SCHOCH, Peoria, Ill.

THE GENUINE

THE BEST NUTRITIVE TONIC
FOR
Dyspepsia, Indigestion, Nursing Mothers, the Weak and Debilitated.

Put up in this style bottle only. Malt Extract for the past five years in my private practice and have found it to be the best health restoring beverage and tonic nutritive known. I have found it especially good for persons convalescing from fever, in cases of dyspepsia, for mothers nursing, and in cases of weakly children, and also in lung troubles. My attention was drawn by the immense importation semi-monthly, and about a million of bottles imported by you have passed by inspection in the Custom House satisfactorily for the past five years.

Yours respectfully,

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

C. J. Sosenheimer, assistant foreman at the Pittsburg coppershops, was being congratulated this morning over the magnificent race he made at the Saturday's primaries for city treasurer. Charley won the prize by a handsome majority and the boys are glad of it.

Edmund C. Leavenworth has been appointed general freight agent of the Grand Rapids railroad, in place of Mr. Gill, who resigned a few weeks ago to accept a position at New York City. Mr. Leavenworth was formerly chief clerk under Mr. Gill and his appointment is said to be a good one.

The fastest time on record between here and Chicago was made yesterday on the Pittsburg by No. 5, the limited, in the hands of Engineer Charles Goehler. When the train reached this city it was forty-two minutes late. Jack Christy, the regular engineer on duty, was sick and Engineer Goehler, who runs the accommodation between Plymouth and Chicago, was put in charge of the train. He was instructed to make up lost time and he did, it for the run between this city and Chicago was made in three hours and ten minutes.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right to-day; and would insist on every one who is afflicted with that terrible disease, to use Chamberlain's Pain Balm and get well at once. For sale by George H. Loesch.

Miss Fanny Davenport closes her season next week and after a little engagement in New York intends to summer on the Pacific coast. Miss Davenport and Melbourne MacDowell, her leading man, are to be married in a fortnight at the Little Church Around the Corner, in New York. The rector, Dr. Houghton, although known throughout the land as the chaplain of the theaters, is an exceedingly dignified and sensitive man. He has officiated willingly in the burial of actors and actresses, because the duty has accidentally been put upon him. He has amiably permitted himself to be elected an honorary member of the Actors' Fund association, but he never goes to the theater and is, on the whole, opposed to the theater, and he is decidedly opposed to marrying a divorced person, and he has, therefore, refused to tie the knot for Mrs. Davenport, and if she and her second husband are married at Houghton's church, they will have to get some other rector to perform the ceremony.

Hood's Sarsaparilla is peculiar to itself and superior to all other preparations in strength, economy, and medicinal merit.

A DENTIST refers to his collection of extracted teeth as gum-drops.

It is quite generally believed that if Lord Byron had lived a half century later, he would have made one of his famous stanzas to read somewhat thusly:

The drying up a single tear has more
Of honest fame than shedding seas of gore.
Pond's Extract's fame no wonder is so wide,
Which has the tears of countless millions dried.

Too much pie is more apt to make one crusty than pious.

JOLIET, ILL.

J. M. Loose Red Clover Co.—I purchased a box of your Red Clover Pile Ointment of F. P. Gunday, at this place, after using various other ointments without effect. I used several applications of the Red Clover Ointment and have not had any trouble since. I now believe I am permanently cured. My case was not one of the worst, but I have suffered with them over a year, and had so much I became greatly reduced in flesh. Your ointment acted miraculously, and I am only too glad to speak to the many sufferers of this painful disease. If it cures all who use it as quickly as it did me, you will sell a great deal of it. But I am convinced your Pile Ointment was made to cure, and not like the many others I have tested, to defraud. It is a pleasure to me to say, the Red Clover Pile Ointment has been a priceless blessing to me, and I know it will prove such to others who will try it.

Respectfully, I. V. PARK.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

The World Ought to Know It.

The world ought to know what S. S. S. has done for me in the cure of a malignant cancer, which was so bad as to be considered incurable by the physicians in Chicago, where I went to be treated. The hospital surgeons gave me up, saying they could do nothing for me. One of my neighbors sent me a copy of an advertisement cut from a paper in regard to Swift's Specific, and I began taking it. I got relief from the first few doses; the poison was gradually forced out of my system, and I was soon cured sound and well. It is now ten months since I quit taking S. S. S. and I have had no sign of return of the dreadful disease.

SSS SSS

I am satisfied that Cancer is hereditary in my family. My father died of it, a sister of my mother died of it, and my own sister died of it. My feelings may be imagined, then, when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly to such a way that it could not be cut out. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family. I took Swift's Specific, which, from the first day, forced out the poison, and continued its use until I had taken several bottles, when I found myself well. I have had S. S. S. cured me.
